Dear Ehud,

Please see below an email I received from Yossi Polak Parasight, Sight Diagnostics in its new name. I think that we need to agree to his email and to resign from the advisory board.

Please advice.

Hi Doron,

I tried to call you earlier...
As a result of the investment round, we touched base in the company regarding the advisory board. We recruited professor Eli Schwartz, the head of Tel Hashomer travellers clinic, and Dr. Caitlin Cohen, our market researcher in the US (and Ido is now formally on our advisory board as well).

In addition, we would like at this stage to end Ehud Barak's participation in our advisory board. Of course, we will be happy to direct specific requests to EB, under matching specific compensation, but since in recent months there were no contacts between EB and SightDX, we do not think that it makes sense to keep the current compensation scheme.

Thanks,

Yossi Pollak

On another issue, I took the opportunity that PL was here for few days last week and we've met Tzahi Noyman for a general meeting regarding Turkey.
We've talked also about our subject, nothing really to report here.
Let's go see him together when you come back.

Best regards and Shana Tova,
Doron
